

Caton-with-Littledale Neighbourhood Plan: survey for local residents

1. Introduction

This survey is intended to gather information for our Neighbourhood Plan. The evidence you provide will help our community have a say in shaping development in our parish through to 2031. We can't make any promises about what will actually happen, but the first step is to gather information and ideas. We would like to hear from everyone who lives here.

Children and young people may prefer to fill in the shorter survey we have designed for them. Those at the village schools should have the opportunity to give their views in sessions there. Please submit your response by 18th December.

In many places, you can select several answers if you wish. If the boxes aren't big enough, do write your comments on the paper alongside.
